

Playgroups & Story Times during COVID-19

Many regional organizations, including libraries, have cancelled their usual story times, playgroups and other family events during the COVID-19 pandemic. However, some events ARE still happening, virtually or in-person with safety protocols. There are also many great on-line resources that you and your children might find enjoyable and educational. I hope this list, though incomplete, can help you and your family have fun and stay connected during these zany times!!
